RSVP 13th May

ENEWS

This information comes out every week letting you all know what GymSportNZ is up to, when courses & competitions are on and general news etc. It is the best communication we have ever had from the National Office.

I asked gymnasts if they read it themselves some did some didn't and were not aware that it was even there. It would be helpful if you could make your gymnast aware when an Enews comes in so they can be up with their own sport.

OLD APPARATUS

If you have any gear you do not want we can use it for schools and club classes.

HOOPS

I will be in Australia end of July - if you want me to buy a hoop for you let me know. NOTE: You cannot buy a large hoop in New Zealand.

COACHES

Please read ENEWS if you wish to up your qualifications - I am finding it difficult to know where you are at.

Cheers
